

### English requirements for Frisby International Qualifications

Some of our courses require students to have a certain level of English proficiency for the qualification being studied. This ensures that they can understand course content and get the most from their studies with Frisby College.

English levels are assessed using common reference levels from the Common European Framework of Reference for Languages (CEFR).

The following cut scores from International English Tests can be used to compare English proficiency using CEFR. These are offered as a guide to students to check their readiness for courses only and do not guarantee an offer being made by the College.

The College will evaluate each student's English level during the application and interview process. The College reserves the right to refuse enrollment based on their final assessment of whether a student has adequate English proficiency to successfully complete the course.
